The intervention logic. The DPI™ splits the Self ↔ Other equation into **Inner Coherence™** and **Outer Coherence**. Inner patterns route to Hypnotic Coaching & the Inner Human System™ (regulate the Self); outer patterns route to Couples, Team coaching & Mediation (repair the system). The **Career Transition Compass™** adds a forward-looking lens — direction, readiness & fit — routing to Career Transition coaching. Inner first, then outer.

Clara™ — the HWH® coach copilot — supports practitioners across every track. One architecture, every scale.
